Registration
The detail registration flow has been described below. The registration consists of a single module that allows Suez water customers, distributors and channel partners to get registered. Steps to register:

Step 1 (Role selection)

- Open [http://www.suezwatertechologies.com/kcpguest/registration](http://www.suezwatertechologies.com/kcpguest/registration) in browser

- Select the check box regarding "Terms and Conditions agreement" and view.
- Please verify your relationship with SUEZ Water Technologies and Solutions (Channel Partner/Distributor or Customer). Note: User can’t select its relationship with SUEZ until “Terms and Conditions agreement” check box is checked.
Step 2 (Account Number validation)

• Enter your “Account Verification” (10 digit Sold-To Account number)
• Select ‘Validate’ after entering the account verification number
• Contact SUEZ customer care team if “Account Verification Number” is not known by selecting “Having trouble?” link below validation button
• After validation of “Account Verification Number” user will be redirect to next step of the process

Step 3 (Email creation)

• Please enter details requested to complete the registration process.
• System will validate your email address
• Once all validation information is entered, select “Complete Registration” button.
Step 4 (Thank you Note)

- A registration error message indicates action necessary. Successful registration brings you to the ‘Thank you’ page.
- Successful completion of registration process also generates an email with a Thank you Note, temporary password and reset password link to you.

Step 5 (Password Reset)

- Password reset is final step in the registration process.

- Please enter temporary password and reset password in link provided in the email.
- Once registered, users can select the RO Configurator in the Tools section in www.suezwatertechnologies.com OR use the direct link https://engg.suezwatertechnologies.com/products/configurator
